This program is designed for all healthcare providers and support staff to engage in the education of substance use disorder, specifically in Medication-Assisted Treatment (MAT).

This program meets the requirement of Opioid Safe Prescribing Practices mandated by the IDFPR to renew Controlled Substances Registration in Illinois.

Along with obtaining 1 hour of CE credits per session in the series, attendees can look forward to obtaining the knowledge to safely prescribe Medication Assisted Treatment for Opiate Use Disorders, a better understanding of MAT options, and a discussion of challenges when prescribing MAT to a variety of patients.

Did you miss a session in this series?

There is no prerequisite for attendance in any session of the series. Attendees may participate in any session offered independently from other sessions.
